## AMENDMENT 0001 (08/04/04)

The following questions and responses are provided in this amendment:

1. Structural Sheet S2.03 is showing the replacement of manhole doors for manholes that are not in the Bid Schedule, are these in the contract? If so what Bid item do we put them in? Examples: H4-6-6, H4-6-7, H4-6-8, H4-6-9 are not in the Bid schedule but are said to receive new manhole doors.

A: Sheet S2.03, Table 1 regarding manhole doors: Remove all references to manholes and manhole doors for Manholes H4-6-6, H4-6-7, H4-6-8, H4-6-9, H5-4-7, H5-4-8. **Manholes H5-4-5 and H5-4-6 are included in Option 7 of this solicitation.**

2. Structural Sheets S2.04 and S2.05 are showing new or rebuilt manholes that are not in the Bid Schedule. Same as question # 1?

A: Same as question #1. Eliminate references to Manholes H4-6-7, H4-6-9, H5-4-8. **Manhole H5-4-6 is in contract as part of Option 7.** The entire Sheet S2.05 may be removed or ignored, all of the manholes on this sheet are no longer in the solicitation.

3. H5-4-5 new manhole, does this Bid in option 5 or in option 7?

A: **New manhole construction for H5-4-5 is in Option 7**, however Option 5 includes adding the pipe tees and connections in the main utilidor at the "future" new manhole location.

4. Civil Sheet C2.14 is showing new manhole H5-4-6, but there are no structural details for manhole H5-4-6. Is this a new manhole to be built? And if so are we going to get structural details?

A: Structural details for Manhole H5-4-6 are on Sheet S2.04.

5. Sheet C1.01, Scope of Work, Base Bid, Oak Avenue Utilidor Section, indicates to replace existing water, sewer, steam and condensate lines within the existing utilidor system from manholes H4-8-2 and H4-8-3. Sheets C3.06.1 and C3.06.2 does indicate to replace the steam and condensate lines but, does not indicate removal or replacement of the water or sewer piping. Please provide clarification.

A: Manhole drawings C3.06.1 and C3.06.2 are correct. The water and sewer lines are not being replaced at this location. The Scope of Work for BASE BID (second paragraph) on sheet C1.01 should read :

"Oak Avenue Utilidor Section: Revitalize Oak Avenue utilidor from MH H4-8-2 to MH H4-8-3, inclusive. Replace existing steam and condensate lines within the existing utilidor system. Construct new utilidor from MH H4-8-3 to MH H4-9-2 with new water, steam and condensate lines.

6. Section 00100, Page 8 of 126, 52.236-27, Site Visit, indicates that an organized site visit may be arranged by the US Army Corps of engineers. Has a site visit been scheduled? We feel a site visit would be extremely beneficial to the contractors.

A: A site visit has been scheduled, for August 10, 2004. Additional information concerning the site visit can be found included with this amendment as noted above.

7. SPEC. 02552 PAGE 12 PARA. 2.3.1. 12" steam is specified as SCHEDULE 40, does that mean 12" pipe is a TRUE SCHEDULE 40 ? or is 12" pipe standard weight .375" wall ?

A: The steam piping is required to be a TRUE Schedule 40 pipe.

AMENDMENT 0001 (08/04/04)

Replace FAR Clause 52.236-27, with the following information:

**52.236-27 Site Visit (Construction) (Feb 1995)**

(a) The clauses at 52.236-2, Differing Site Conditions, and 52.236-3, Site Investigations and Conditions Affecting the Work, will be included in any contract awarded as a result of this solicitation. Accordingly, offerors or quoters are urged and expected to inspect the site where the work will be performed.

(b) An organized site visit has been scheduled for **August 10, 2004 at 10:00 a.m. Alaska Daylight Time (ADT)**. Attendance is limited to two representatives from each Contractor.

(c) Those bidders interested in attending the site visit shall contact Ms. Tamela Perry by telephone at (907) 753-5579 or by email at [Tamela.r.perry@usace.army.mil](mailto:Tamela.r.perry@usace.army.mil) no later than August 9, 2004, 2:00 p.m. (ADT).

(d) Participants will meet in the U.S. Army Corps of Engineers, Alaska District's Northern Area Office Conference room located in Building 3025, Fort Wainwright Alaska.

(e) To gain access to Fort Wainwright visitors will be required to obtain a day pass at the Fort Wainwright main gate located on Gaffney Drive. Visitors are required to provide current vehicle registration, proof of insurance and photo identification.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29 CFR 5.5 (a) (1) (ii)).  
-----

In the listing above, the "SU" designation means that rates listed under the identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

#### WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the

Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
